## 13th Annual San Diego Strong Ale Festival

We have made it to lucky 13! From humble beginnings on a rainy Thursday night in 1997 with only 12 local beers on tap, we have grown into the wonderful beer list presented before you. It features beers from all over the United States from some of the best brewers in the country. Be sure to check out our Strong Ale Fest T-Shirts and Sweatshirts up front!

Every beer at this festival is at least 8% alcohol by volume. If you would like to try lots of beers, please share or ask for a smaller pour so that we do not need to use a wheelbarrow to get you out of the festival.

We would like to thank all of the breweries and brewers who made this great beer. Many of the beers are very rare and some were even specially created for this event. Without these talented folks we wouldn't have these great beers to share with you. A toast to 13 great years of strong ale and to many more great beer festivals still to come!

Cheers!

Please order each beer by number. The bar area is clearly marked with signs as to where each set of numbered beers is located. Please order the beer you want in front of the appropriate area. Lower numbered beers are to the left, higher numbered beers to the right. There may be some VIP session beers left over, if so, they are numbered starting with 70 on up. If you have questions, please feel free to ask. Enjoy the fest, be safe, and have fun!
